Qualities

Determined

I am driven to produce high-quality results and am willing to put in the effort required to do so. I push through challenges until my task is complete.

Problem Solver

Whether it be developing software, troubleshooting hardware, or refactoring legacy systems, I enjoy finding efficient methods to automate systems, resolve issues, and streamline processes.

People-Focused

I strive to be kind and enthusiastic. I love teaching others about technical topics. Above all else, I hope to form lasting connections with those around me.
